Enter to Learn, Leave to Succeed

FIIB Interim Career Outcomes Report 2026

PGDM & PGDM-FM

Careers Engineered, Not Left to Chance

Placement data presented in this report is as of May 15, 2026. The final report will be released upon graduation of the Class of 2026 in July 2026.

AACSB ACCREDITED

Globally benchmarked standards in business education and student outcomes; Joins **Top 6% of business schools globally** and the **Top 1% in India**.

AICTE

Industry-relevant management education aligned to evolving workforce needs.

NBA NATIONAL BOARD OF ACCREDITATION

Academic rigor and outcome-focused learning aligned to national quality benchmarks.

ASSOCIATION OF INDIAN UNIVERSITIES

Recognized as equivalent to an MBA, supporting eligibility for higher education and career opportunities in India and abroad.

How to Read This Report

This report is designed to present career outcomes with context, transparency, and a long-term perspective on professional growth.

Beyond Highest Salary Figures

This report presents a broader view of outcomes, including role quality, industry diversity, internships, recruiter engagement, and long-term alumni growth.

Different Students, Different Outcomes

Career outcomes vary based on individual aspirations, prior experience, specialization choices, internship performance, skill development, and the effort students invest throughout the MBA journey.

Placements are Built, Not Announced

At FIIB, placements are viewed as the outcome of sustained preparation through internships, mentoring, experiential learning, career pathways, industry exposure, and continuous employability development.

Wide Diversity of Roles & Recruiters

The report intentionally reflects opportunities across consulting, BFSI, analytics, operations, marketing, technology-enabled functions, startups, and emerging future-of-work roles.

Interactive & Verifiable Profiles

*Many pages contain clickable LinkedIn profiles, alumni journeys, and recruiter references to help readers explore professional trajectories and career progression more deeply. **Look for the symbol at top right corner of all such pages**.*

Behind Every Outcome, is a Personal Journey

Beyond placement statistics, this report highlights how students across different backgrounds and interests are guided through individualized growth, mentoring, and career preparation journeys at FIIB.

Introduction

At FIIB, we believe meaningful career outcomes are built through continuous learning, industry exposure, mentorship, and the ability to adapt to a rapidly evolving world of work. Placements and internships are therefore not viewed as isolated milestones, but as outcomes of a larger developmental journey across the MBA experience.

Through experiential learning, live projects, internships, practitioner-led engagement, evolving career pathways, and increasing exposure to AI-enabled workplaces and technologies, our students build not only business knowledge, but also professional confidence, analytical thinking, adaptability, and real-world readiness.

This report reflects that larger philosophy. It captures the placement outcomes of our graduating students, the internship experiences shaping our first-year learners, and the inspiring journeys of alumni who continue to grow across industries, leadership roles, entrepreneurship, and global organizations.

As business environments continue to evolve, FIIB remains committed to preparing future-ready professionals capable of learning continuously, navigating change responsibly, and creating meaningful impact.

Building Careers With Purpose and Momentum

At FIIB, placements are not treated as an end-stage activity, but as the outcome of a continuous ecosystem of learning, industry engagement, mentorship, and career preparation designed for an evolving world of work.

OUR BELIEF

Careers Are Built, Not Left to Chance

FIIB's approach combines academic rigor with experiential learning, industry mentoring, career pathways, and continuous professional development to help students navigate evolving industries with confidence.

OUR DIFFERENCE

Industry and AI at the Core

From AI-enabled learning and live industry projects to internships, simulations, and practitioner engagement, students are continuously exposed to the realities of modern business and the future of work.

OUR COMMITMENT

Building Long-Term Professional Momentum

The true measure of career success is not only the first role students secure, but their ability to grow, adapt, lead, and create impact across changing business environments over time.
