Attending FIIB was one of the most transformative experiences of my life. As an alumna, I look back with deep appreciation for the education, support, and vibrant community that shaped not only my academic journey but also my personal and professional growth. The faculty at FIIB were genuinely invested in student success—always approachable, encouraging, and willing to go the extra mile.

What truly set FIIB apart was the exceptional support provided by the Professors. Thanks to this unwavering support, I was able to crack my dream company, Federal Bank—a milestone that marked a defining moment in my career. FIIB didn't just prepare me for a job, it empowered me with the skills, confidence, and clarity to thrive in the real world. I will always be proud to be a part of the FIIB family.

The journey of the past two years at FIIB has been incredibly transformative, and one department that has been a constant pillar of support throughout is the CMC. The entire team at CMC works tirelessly to ensure that every student gets the right guidance, mentorship, and opportunities – whether it's for internships or final placements.

My personal experience with CMC has been exceptional. I'm grateful to share that I've been selected by Indicaa Group FZE, an international organization – a milestone I couldn't have achieved without the support and direction provided by the CMC.

A special note of thanks to Neha Ma'am, who stood by us through every step of the process. From insightful guidance to helping us understand exactly what the recruiters are looking for, she shared her experience and constantly motivated us. Her support played a crucial role in shaping my preparation and boosting my confidence.

Thank you, CMC, for being such a vital part of my professional journey at FIIB!
