Schedule and activities

Arrival of alumni at 7 to 7:30 Am

Snacks:

Interaction with FIIB Faculties and Students

The meeting was very fruitful and alumni were happy to reconnect with their roots and this will lead to strengthen our ties with our Alumni based in Middle Countries.

They have become good connecting point to reach industry in Dubai for possible industry visits (During BST) and may be some international live projects, summer internship and placements (We have discussed in detail). Current Students were very much impressed to meet with senior alumni members during the chapter meet.

Dinner and followed by FIIB Memento distribution
